Frontend – Intern · **Gikslab Internship Program** 2023

- Developing a company dashboard tool using ReactJS
- Developing a company profile website using NextJS

Frontend - React · **My Skill** 2023

- Creating a ReactJS portfolio
- Learning React components, React Router, React Hooks, & React List Styling

Skills

Programming Languages

HTML, CSS, JavaScript, PHP, Dart

Libraries & Frameworks

React, Next.js, Vue.js, Laravel, Flutter, React Native, Node.js

Tools & Platforms

Git, Github, Vercell, Wordpress, Figma, Firebase, Visual Studio Code

Soft Skill

Design Thinking, Communication Skills, Teamwork, Time Management, Quality Awareness

Selected Projects

Learning App Aksun

Aksun is an innovative learning platform designed to make it easier for users to learn reading the Sundanese script. This app provides learning materials, allows users to take quizzes with three different difficulty levels, and view rankings based on quiz results. With Aksun, learning Sundanese script becomes more interactive and enjoyable.
